November 23, 1999

Board of Commissioners  
County of Muskegon  
990 Terrace, County Building  
Muskegon, MI 49442

Honorable Commissioners:

The Muskegon County Equalization Department has prepared this amended report as authorized by the Ways and Means Committee of the Muskegon County Board of Commissioners. This report presents an in-depth analysis of Muskegon County tax levies, collections and distributions as they relate to County, Townships, Villages, Cities, Local school districts, Intermediate school districts, and the Community college. This report is subject to amendments as dictated by statute. All valuation amounts have been certified by the Michigan State Tax Commission and are subject to adjustment by local boards of review, the State Tax Commission, Michigan Department of Treasury, and the Michigan Tax Tribunal. The report enumerates both summer and winter collections.

The statutory responsibility of the County Board of Commissioners is contained in Sec. 37 of the General Property Tax Law, Public Act 206 of 1983 as amended, Sections 211.1 through 211.157:

*Sec. 37. The county board of commissioners, at its annual session in October in each year, shall ascertain and determine the amount of money to be raised for county purposes, and shall apportion such amount, and also the amount of the state tax and indebtedness of the county to the state among the several townships in the county in proportion to the valuation of the taxable property therein, real and personal, as determined by it, or as determined by the board of the state tax commissioners upon appeal in the manner provided by law, for that year, which determination and apportionment shall be entered at large on its records. It shall also examine all certificates, statements, papers, and records submitted to it, showing the moneys to be raised in the several townships for school, highway, drain, township, and other purposes. It shall hear and duly consider all objections made to raising any such moneys by any taxpayer to be affected thereby. If it shall appear to the board that any certificate, statement, paper, or record is not properly certified, or that the same is in anyway defective, or that any proceeding to authorize the raising of any such moneys has not been had or is in anyway imperfect the board shall verify the same, and if the certificate, statement, paper, record or proceeding can then be corrected and the board shall authorize and require the defects or omissions of proceedings to be corrected, supplied, or had. It may refer any or all the certificates, statements, papers, records, and proceedings to the prosecuting attorney, whose duty it shall be to examine the same and without delay report in writing his opinion to the board. It shall direct that the several amounts of money proposed to be raised for township, school, highway, drain, and all other purposes as shall be authorized by law, be spread upon the assessment roll of the proper townships, wards, and cities. Such action and direction shall be entered in full upon the record of the proceedings of the board, and shall be final as to the levy and assessment of all such taxes, except when there is a change made in the equalization of any county by the board of state tax commissioners upon appeal in the manner provided by law. The direction for spread of taxes shall be expressed in terms of millages to be spread against the state equalized values of properties and shall not direct the raising of any specific amount of money. This section does not apply when section 36(2) applies. Last Am. 1973, Act 135, Immediate effect, Nov. 2, 1973.*

Additionally, the amounts do not include revenue from special assessment rolls, or specific rolls such as tax-abated properties.

Respectfully submitted,  
  
Clifford A. Turner, Director  
Equalization Department

Other Ballot Proposals and Legislative or Administrative Changes

The proposed 1.5 mill increase for operations requested by the City of Norton Shores was defeated in May of 1999. Also, several millage issues proposed by Holton Township were defeated in September. Also, bonding proposals for the Montague, Orchard View, and Whitehall School Districts were defeated. Additionally, Effective August 1, 1999. Public Act #38 of 1999 requires taxing jurisdictions to round down millage rate to four places beyond the decimal point. Our policy has always been to round millage rates to

**1999 Muskegon County Apportionment Report**

four places beyond the decimal point, but we will need to modify the formulas in the Apportionment Report to perform the rounding down function. The change has had negligible impact on most levies, including Muskegon County.

In conclusion, the 1999 Muskegon County Apportionment Report authorizes the total levy of \$110,153,315 to be collected by all local taxing jurisdictions. Table 'A' and Figure 1 presents the five-year trend for taxable value, total tax levies, annual percentage change of total tax levy, and the annual effective tax rate. As evident, the electorate approval of the numerous millage issues by the electorate has significantly increased the rate. This is evidenced by the fact that there was only a 6.40% increase in the overall tax base that produced an 8.3% increase in total tax dollars.

1995	2,235,210,925	85,896,074	12.9%	3.84%

1999	2,639,408,331	110,153,928	8.1%	4.17%

Please note that the effective tax rate is the total property tax burden expressed as a percent of taxable value.
