

2014 EQUALIZATION REPORT

Prepared for the Muskegon County Board of Commissioners

Prepared by the Muskegon County Equalization Department:

Donna Beth VanderVries, Director

Dan VanderKooi, Deputy Director

Date Adopted: April 22, 2014

April 22nd, 2014

Board of Commissioners
Muskegon County, Michigan

Honorable Commissioners:

The Muskegon County Equalization Department has prepared this report as authorized by the County Board of Commissioners. The report contains a narrative summary of the 2014 equalization process and a retrospective analysis of significant 2013 events affecting valuations. Additionally, the valuations of all classes of property for each unit of government and for all other taxing jurisdictions are presented in tabular and graphical format.

I must commend the professionalism of our local assessors and staff. For the fifteenth consecutive year, all units filed electronically and for the second time this year all of the unit's databases were converted by the Equalization Department to the new Assessing.NET platform.

The values reported by these jurisdictions have been examined and internally audited. The Department has compiled values that reasonably represent the True Cash Value of each unit. This report focuses on the value of all real and personal property subject to ad valorem taxation.

All county equalized values are subject to review and revision by the Michigan State Tax Commission until the fourth Monday in May when the final order is issued.

This is the eighteenth year for the "transfer of ownership" system which further complicates the assessment administration system. Essentially, this means that when a property is sold, the State Equalized Value, which is predicated on market value, becomes the taxable value. Thus, the period of ownership can cause significant disparities in the amount of tax burden between similar properties. For 2014, the aggregate margin between state equalized value and taxable value is 10 percent including real and personal property (10 percent for real, 0 percent for personal).

Respectfully submitted,

Donna B. VanderVries
Director

ACKNOWLEDGMENTS

In facilitating the completion of a project of this nature and magnitude, the support of a number of organizations and individuals was absolutely necessary, and I am grateful to all that participated. With the burden of maintaining a county-wide property information network and impending statutory deadlines, the staff of the Muskegon County Equalization Department performed extraordinarily. I would like to thank the Muskegon County Board of Commissioners for providing the Department with the necessary resources. Also, I would like to express my gratitude to all of the cities, townships, and villages of Muskegon County for their prompt assistance in the assembling and reporting data for this analysis. The successful completion of this report has been a synergetic accomplishment.

FORWARD

The long-standing method used by local government in Michigan to finance basic municipal services is taxation, principally general property taxation. The rationale underlying this traditional approach is that the cost of those municipal services which provide a general benefit to all residents of a unit of local government, such as police and fire protection, should be borne through taxation imposed upon the general public. Article 9 of the State Constitution contains numerous provisions that the people of Michigan have adopted to protect themselves against unlimited property taxation. These provisions govern the manner in which property taxes may be imposed, limit overall levels of taxation, and require prior voter approval.

Section 3 of Article 9 imposes three requirements on the Legislature regarding how ad valorem property taxes are assessed and levied on real and tangible personal property. Property taxes must be uniform across various property classifications; property must be uniformly assessed at 50 percent of true cash value; and the Legislature must provide a system for the equalization of assessments.

Ad valorem property taxes, except those levied for school operating purposes, must be levied uniformly across various classes of property. This requirement prevents the Legislature from classifying property into different categories to impose different levels of ad valorem taxation on each class. Proposal A, approved by voters in March of 1994, authorized a limited exception to uniformity. For school operating purposes, principal residence and non-principal residence property are taxed at different rates.

Property not exempt by law must be uniformly assessed at the same proportion of true cash value. The Legislature has provided that property is assessed at 50 percent of its true cash value, known as state-equalized value or SEV. In 1994, voters amended Section 3 of Article 9 of the Constitution to require that property taxes be levied on taxable value, not SEV, until a parcel is sold. The taxable value concept is described later in this section.

The Legislature is required to provide for a system of equalization of assessments. The purpose of equalization is to correct for systematic under assessment or over assessment

2014 Muskegon County Equalization Report

within assessing jurisdictions. Given the large number of assessing jurisdictions in Michigan (approximately 1,500), equalization is essential to ensure that taxable property is uniformly assessed within each county as well as among the counties.

In March of 1994, voters amended Section 3 of Article 9 of the State Constitution to limit, for taxation purposes, annual increases in property values on a parcel by parcel basis to the lesser of five percent or the inflation rate (1.6 percent for 2014), until ownership of the parcel is transferred. This limitation is referred to as “capped value”. The purpose of the limitation is similar to the other Article 9 provisions; specifically, to limit the overall level of property taxes. In the case of the taxable value limitation, this purpose is achieved by restricting the taxable limitation by limiting the taxable growth of the property tax base as indicated above. The rate of inflation utilized is the Consumer Price Index (i.e. CPI) which is also known as the “Retail Price Index” or “cost-of-living index.” Nationally, it is the most common measure of inflation. The base year for this index is 1982, so changes in prices can be calculated on a relative basis.

Property is still required to be *assessed* at 50 percent of true cash value (state-equalized value). However, property tax is levied on its taxable value, instead of state-equalized value until there is a change in ownership. When a transfer occurs, the property tax base for that parcel becomes its state-equalized value; the taxable growth is then once again limited by the taxable value cap until there is another transfer. Taxable value will also be impacted by “additions” and “losses”, which are primarily new construction and demolitions. Relevant statutory sections on equalization and assessment follow.

MCLA 211.30a. states *“In the year 1950 and thereafter, the review of assessments by boards of review in all cities and townships shall be completed on or before the **first Monday in April**, any provisions of the charter of any city or township to the contrary notwithstanding: Provided that the legislative body of any city or township, in order to comply with the provisions hereof, may, by ordinance, fix the period or periods for preparing the budget and for making, completing and reviewing the assessment roll, any provisions of the charter of such city or township or any law to the contrary notwithstanding.”*

MCLA 211.34.(1) states *“The **County Board of Commissioners** in each county shall meet in April of each year to determine county equalized value which equalization shall be completed and submitted along with the tabular statement required by section 5 of Act No. 44 of the Public Acts of 1911, being section 209.5 of the Michigan Compiled Laws, to the state tax commission before the first Monday in May. The business which the board may perform shall be conducted at a public meeting of the board held in compliance with the open meetings act, Act No. 267 of the Public Acts of 1976, as amended, being sections 15.261 to 15.275 of the Michigan Compiled Laws. Public notice of the time, date, and place of the meeting shall be given in the manner required by Act No. 267 of the Public Acts of 1976, as amended. Each year the **County Board of Commissioners** shall advise the local taxing units when the state tax commission increases the equalized value of the county as established by the **County Board of Commissioners** and each taxing unit other than a city, township, school district, intermediate school district, or community college district shall*

immediately reduce its maximum authorized millage rate, as determined after any reduction caused by section 34d, so that subsequent to the increase ordered by the state tax commission pursuant to Act No. 44 of the Public Acts of 1911, as amended, being section 209.1 to 209.8 of the Michigan Compiled Laws, total property taxes levied for that unit shall not exceed that which would have been levied for that unit at its maximum authorized millage rate, as determined after any reduction caused by section 34d, if there had not been an increase in valuation by the state. If its state equalized valuation exceeds its valuation by 5 percent or more in 1982 or by any amount in 1983 or any year thereafter, a city or township shall reduce its maximum authorized millage rate, as determined after any reduction caused by section 34d, so that total property taxes levied for that unit do not exceed that which would have been levied based on its assessed valuation.”

*MCLA 311.34 (2) states “The **County Board of Commissioners** shall examine the assessment rolls of the townships or cities and ascertain whether the real and personal property in the respective townships or cities has been equally and uniformly assessed at true cash value. If, on the examination, the **County Board of Commissioners** considers the assessments to be relatively unequal, it shall equalize the assessments by adding to or deducting from the valuation of the taxable property in a township or city an amount which in the judgment of the **County Board of Commissioners** will produce a sum which represents the true cash value of that property, and the amount added to or deducted from the valuations in a township or city shall be entered upon the records. The **County Board of Commissioners** and the State Tax Commission shall equalize real and personal property separately by adding to or deducting from the valuation of taxable real property, and by adding to or deducting from the valuation of taxable personal property in a township, city or county, an amount which will produce a sum which represents the proportion of true cash value established by the legislature. Beginning December 31, 1980, the **County Board of Commissioners** and the State Tax Commission shall equalize separately the following classes of real property by adding to or deducting from the valuation of agricultural, developmental, residential, commercial, industrial, and timber cutover taxable real property, and by adding to or deducting from the valuation of taxable personal property in a township, city, or county, an amount as will produce a sum which represents the proportion of true cash value established by the legislature. The tax roll and the tax statement shall clearly set forth the latest state equalized valuation for each item or property which shall be determined by using a separate factor for personal property and a separate factor for each classification for real property as equalized. Factors used in determining the state equalized valuation for real and personal property on the tax roll shall be rounded up to not less than 4 decimal places. Equalized values for both real and personal property shall be equalized uniformly at the same proportion of true cash value in the county. The **County Board of Commissioners** shall also cause to be entered upon its records the aggregate valuation of the taxable real and personal property of each township or city in its county as determined by the county board. The **County Board of Commissioners** shall also make alterations in the description of any land on the rolls as is necessary to render the descriptions conformable to the requirements of this act. After the rolls are equalized, each shall be certified to by the chairperson and the clerk of the board and be delivered to the*

supervisor of the proper township or city, who shall file and keep the roll in his or her office.”

*MCLA 311.34 (3) states “The **County Board of Commissioners** of a county shall establish and maintain a department to survey assessments and assist the **Board of Commissioners** in the matter of equalization of assessments, and may employ in that department technical and clerical personnel which in its judgment are considered necessary. The personnel of the department shall be under the direct supervision and control of a director of the tax or equalization department who may designate an employee of the department as his or her deputy. The director of the county tax or equalization department shall be appointed by the **County Board of Commissioners**. The **County Board of Commissioners**, through the department, may furnish assistance to local assessing officers in the performance of duties imposed upon those officers by this act, including the development and maintenance of accurate property descriptions, the discovery, listing, and valuation of properties for tax purposes, and the development and use of uniform valuation standards and techniques for the assessment of property.”*

*MCLA 311.34 (4) states “The supervisor of a township or, with the approval of the governing body, the certified assessor of a township or city, or the intermediate district board of education, or the board of education of an incorporated city or village aggrieved by the action of the **County Board of Commissioners**, in equalizing the valuations of the townships or cities of the county, may appeal from the determination to the state tax tribunal in the manner provided by law. An appeal from the determination by the **County Board of Commissioners** shall be filed with the clerk of the tribunal by a written or printed petition, which shall set forth in detail the reasons for taking the appeal. The petition shall be signed and sworn to by the supervisor, the certified assessor, or a majority of the members of the board of education taking the appeal, shall show that a certain township, city, or school district has been discriminated against in the equalization, and shall pray that the state tax tribunal proceed at its earliest convenience to review the action from which the appeal is taken. The state tax tribunal shall, upon hearing, determine if in its judgment there is a showing that the equalization complained of is unfair, unjust, inequitable, or discriminatory. The state tax tribunal shall have the same authority to consider and pass upon the action and determination of the **County Board of Commissioners** in equalizing valuations as it has to consider complaints relative to the assessment and taxation of property. The state tax tribunal may order the **County Board of Commissioners** to reconvene and to cause the assessment rolls of the county to be brought before it, may summon the commissioners of the county to give evidence in relation to the equalization, and may take further action and may make further investigation in the premises as it considers necessary. The state tax tribunal shall fix a valuation on all property of the county. If the state tax tribunal decides that the determination and equalization made by the **County Board of Commissioners** is correct, further action shall not be taken. If the state tax tribunal, after the hearing, decides that the valuations of the county were improperly equalized, it shall proceed to make deductions from, or additions to, the valuations of the respective townships, cities or school districts as may be considered proper, and in so doing the tribunal shall have the same powers as the **County Board of Commissioners** had in the first instance. The deductions or additions*

2014 Muskegon County Equalization Report

*shall decrease or increase the state equalized valuation of the local unit affected but shall not increase or decrease the total state equalized valuation of the county in the case of an appeal under this section to the state tax tribunal. If the tax tribunal finds that the valuations of a class of property in a county were improperly equalized by that county and determines that the total value of that class of property in the county may not be at the level required by law, prior to entry of a final order, the tax tribunal shall forward its findings and determination to the state tax commission. Within 90 days after receiving the findings and determination of the tax tribunal, the state tax commission shall determine whether the state equalized valuation of that class of property in the county was set at the level prescribed by law or should be revised to provide uniformity among the counties and shall enter an order consistent with the State Tax Commission's findings. The tax tribunal shall enter a final order based upon the revised state equalized valuation, if any, which is adopted by the State Tax Commission. The State Tax Tribunal immediately after completing its revision of the equalization of the valuation of the several assessment districts shall report its action to the **County Board of Commissioners** and board of education if the board has instituted the appeal by filing its report with the clerk of the **County Board of Commissioners**. The action of the state tribunal in the premises shall constitute the equalization of the county for the tax year."*

SIGNIFICANT INFLUENCES AFFECTING THE 2014 EQUALIZATION PROCESS

The condition of the national economy continues to impact real estate activity and subsequently tax base growth. Overall, the real estate market is showing signs of slowing decline and turn around in comparison to the last several years. The ad valorem value of the county industrial class real property declined over 3 percent; however, the majority of this decline was specific to reduction in value of the B C Cobb Plant slated to close in 2016.

The demand in the region for housing is beginning to show signs of improvement. The average sale price of a home increased from \$90,003 to \$105,048 as reported by the West Michigan Lakeshore Association of Realtors. After several years of declining values, the residential class increased in value for 2014 by almost 3½ percent.

The success of the Lakes Mall in Fruitport Township and the peripheral investment continues to attract retail and food service businesses, and other areas in the County are starting to show signs of stabilization. Last year the commercial property class declined by more than 6 percent; the current year reflects a decline of less than 2 percent.

Baker College continues to grow and with it brings new students and new business. The Baker College of Muskegon's Culinary Arts School was completed in 2009 and development of the Heritage Square condominiums and Russell Block building continued into 2013. Work was completed on the new Social Security Office as well as the remodel of the Greyhound bus terminal. Work is progressing on the Farmer's Market. The County Human Resources Department and DET moved into Terrace Plaza.

The Little River Band of Ottawa Indians from Manistee purchased the former Great Lakes Downs horse racetrack in Fruitport Township for a planned casino. By the end of 2008, the tribe had purchased 233 acres around the track for \$13.5 million. Progress continued in 2009

2014 Muskegon County Equalization Report

with service contracts (water, sewer, police, fire, etc.) being signed with Fruitport Township and Muskegon County and efforts to sign a compact with the State of Michigan are still continuing.

Two significant developments in 2013 included the announced closing of the B.C. Cobb plant scheduled for 2016 as well as the reuse of the former Sappi site.

The combined effect of the changes in the various classes of property is that the County's overall ad valorem value increased by over 2 percent.

Most of the change in Muskegon County's land use is due to residential development in Fruitport Township and the City of Norton Shores. Business development in Fruitport Township and the Cities of Muskegon and Norton Shores accounted for the most significant increases, resulting in a continuation of the upward trend started in 2011. The following table presents the true cash value of all new construction and additions for Muskegon County.

- Real Property Only. 2007 figures include \$28 million of Renaissance zone parcels not previously included in totals.

City of Norton Shores experienced the most significant residential growth with 52 new homes. Fruitport Township also had 49 new homes. Muskegon, Sullivan, Egelston and Dalton Townships all had at least 7 new homes each. Only a few units had no new homes in 2013.

The residential real estate market in Muskegon County is showing signs of improvement. The number of properties sold increased in 2013. The West Michigan Lakeshore Association of Realtors reports that during 2013, there were 1814 homes sold, compared to the 1,675 sold in 2012, an 8.3% percent increase over the previous year. Of those homes, the average sales price of a home in the county for 2013 was \$105,048 up from \$90,003 in 2012, which is an increase of approximately 17 percent from last year.

New home construction has also increased, according to figures supplied by local officials. New housing starts increased by over 32% compared to the prior year.

The figures on the following page are provided as a comparison between State Equalized Value and Taxable Value since Proposal A passed. Following the passage of this proposal, each year's taxable value may not increase more than the prior year's taxable value multiplied by the Consumer Price Index for each year with a few exceptions. Please note however, that although this does set the basis for the majority of taxable values, other factors can come into play. Property transfers, new construction, and demolitions are all examples of instances where the taxable value can be adjusted above or below this figure. Taxable value may never go above the state equalized value, so if the consumer price index would set the taxable value higher than the state equalized value, the taxable value is capped at the state equalized value.

The overall impact of the application of the consumer price index over the years and the impact of the disparity between state equalized value and taxable value is also illustrated in figure 1 by showing the aggregate margin between the two. For 2014, this aggregate margin is 10 percent. Simply put, the state equalized value would have to decline by this percentage prior to having a significant impact on the tax base.

2014 Muskegon County Equalization Report

Figure 1 illustrates the historical growth of the tax base.

Figure 1

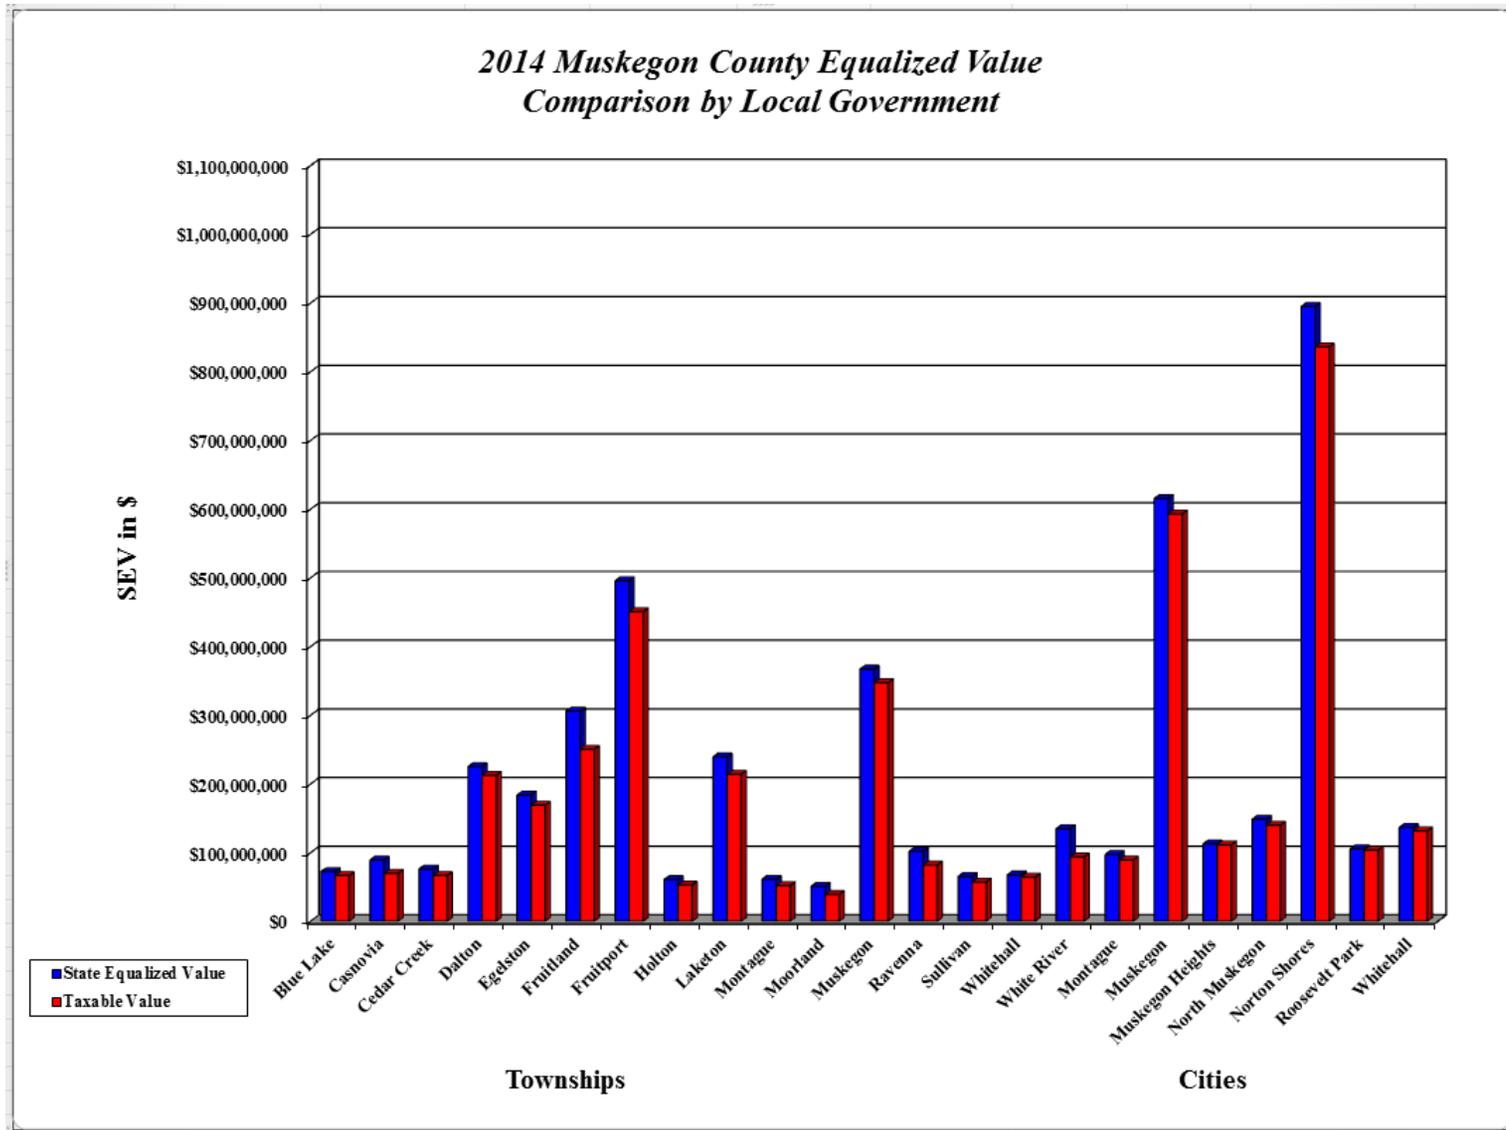

Muskegon County increased in state equalized value by over 2 percent, and the taxable value increased by over ½ percent. The estimated True Cash Value of all taxable property in the County was just over \$9,400,000,000.

Other indirect factors limiting the tax base of Muskegon County levies include the effect of numerous Tax Increment Financing Authorities (T.I.F.A.) and several Brownfield Redevelopment Authorities that capture tax revenue as well as several renaissance and enterprises zones in the Cities of Muskegon and Muskegon Heights. Also beginning in 2014, many small business owners filed affidavits allowing exemptions on qualified accounts of \$80,000 True Cash Value and less. Figure 2 illustrates a comparison of the 2014 State Equalized Value and Taxable Value of each township and city.

RECOMMENDATIONS

All of the amounts reported by the local assessment jurisdictions have been examined and internally audited. Revisions necessitated by this process were performed and incorporated in the tabulated results contained in the appendix of this report. The amounts compiled are intended to reasonably represent the True Cash Value, County Equalized Value, and Taxable Value of each taxing jurisdiction. This Department is confident that these amounts reasonably represent the total taxable and equalized values of Muskegon County.
