Board of Commissioners
Muskegon County, Michigan

Honorable Commissioners:

As requested by the County Board of Commissioners, the Muskegon County Equalization Department has prepared this tax abatement report which contains the valuations of tax-abated property for each unit of government in a tabular format. It is the result of a collaborative effort involving all 23 assessing jurisdictions in Muskegon County. The amounts reported by these jurisdictions have been examined and internally audited. The report focuses on the value of all real and personal property subject to Industrial Facility Tax (i.e. Act#198). Obsolete Property, as well as Enterprise Certificates, which are also exempt from ad valorem taxation and are presented separately. Renaissance Zone property is no longer included in this report but has been being included as part of the Equalization Report beginning in 2007.

For 2008, the Industrial Facility Tax accounts decreased from \$165,174,900 to \$163,127,200 in State Equalized Value (i.e. SEV). This indicates an approximate one percent decrease. As for volume, there are now 304 active accounts compared to 320 accounts in 2007.

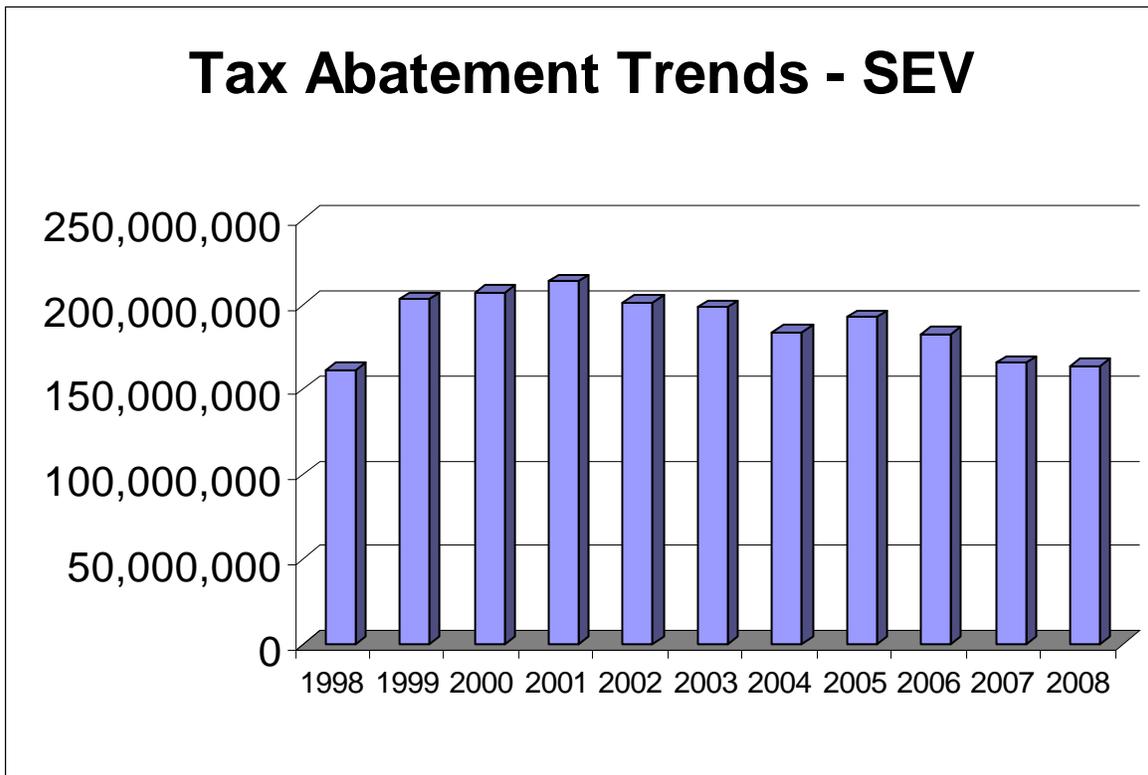

The value of all expired abatements is transferred to general ad valorem property. The abated properties now represent 2.9 percent of the State Equalized Value of general ad valorem properties. Last year they represented 3.0 percent. The following table documents the trends.

Figure 1
Muskegon County Tax Abatement History

One significant change in the property tax system is the shifting of the Renaissance Zone parcels from the Special Acts Roll to the Ad Valorem Roll, beginning in 2007, resulting in a taxable decrease in the Special Acts Roll of about 15 million dollars.

Also beginning in 2006, there were revisions to Public Act 451 of 1994, the Natural Resources Environmental Protection Act, as amended by Public Act 513 of 2004, revising the procedures used in the assessment, equalization, and taxation of real property owned by the State and controlled by the Department of Natural Resources. This Act basically removed the Department of Natural Resources properties (DNR) from the ad valorem roll and placed them on a specific roll (“Act 513 Roll”).

The process for assessing DNR properties remains the same this year as it did in 2006. The Assessment and Certification Division (ACD) of the State Tax Commission (STC) will annually provide the true cash value (TCV) for each DNR parcel. Also, the 2004 taxable valuation (TV) shall be the TV of the property in 2004 through 2008, providing no acquisitions or dispositions have occurred.

All values are subject to review and revision by the Michigan State Tax Commission until October 1st of this year. There have been no other significant changes in the process for 2008. As a reminder, the taxable value limitation also applies to tax abatement properties. All Commercial Facility Tax (i.e. Act #255) exemptions expired December 31, 1997; all Renaissance Zones became effective December 31, 2000; and Obsolete Property Abatements became effective December 31, 2001. Additionally, all expired abatements are incorporated in the equalization study process to verify proper transfer to general ad valorem property taxes.

I must commend the professionalism of our local assessors. This year there were very few problems detected during the preparation of this report.

Respectfully submitted,

Donna B. Stokes
Equalization Director
