2016 Economic Forecast

Hosted by: Muskegon Lakeshore Chamber

of Commerce

Location: Holiday Inn

939 3rd St, Muskegon

Time: 7:30 AM— 9:00 AM

Muskegon County Casino in Fruitport Township

Proposed by Little River Band of Ottawa Indians

Fruitport Township, MI— The Little River Band of Ottawa Indians (LRBOI) plans to develop a casino in its southern tribal territory in Muskegon County. The proposed gaming site is at the former Great Lakes Downs racetrack site in Fruitport Township. A casino would be a great addition to Muskegon County's numerous tourist attractions. With its largest population base in the Muskegon region, the Tribe's goals are job creation and economic development.

The proposed Tribal casino is expected to generate approximately 1,200 jobs. The Tribe is planning to place 60 acres of its site in Fruitport Township in a "trust" for casino development.

A Tribal casino would be an economic catalyst for the region and for Michigan, and will:

- Create an estimated 215 indirect construction jobs
- Create an estimated 1,200 direct jobs
- \$180 million LRBOI investment will encourage growth
- Provide a steady flow of revenue for the Michigan School Aid Fund
- Insure that a Muskegon tribal casino would contribute to state and local revenues at the highest rate of any tribal casino in the state
- Will expand year-round tourism

The Project will include:

- 1,700 slot machines
- 35 table games
- Restaurants: 250 seat buffet, 80 seat specialty restaurant, 100 seat 24 hour café, 50 seat sports bar, 50 seat deli & food court
- 220 room hotel

For more information about this project, visit www.muskegonjobsnow.org

JUL 2015	3.25%
SEP 2014	3.25%

The Bureau of Indian Affairs (BIA) has initiated the preparation of an Environmental Impact Statement (EIS) to analyze the potential environmental consequences of the Little River Band of Ottawa Indians' (Tribe) application for the proposed casino project. For the purpose of the EIS, the BIA will serve as the Lead Agency for compliance with the National Environmental Policy Act (NEPA).

The BIA issued a Notice of Intent on September 21, 2015 which opened the public scoping period to identify potential issues, concerns, and alternatives to be considered in the EIS. The public scoping meeting was held on Thursday, October 15, 2015, at Fruitport Middle School Auditorium at 6:00pm. Comments from the 650 community representatives were overwhelmingly in favor of the casino project. "For me, it went better than I even expected," said the Little River Band's Ogema leader Larry Romanelli. "This is a probability now," he added.

Both Muskegon Area First and the County of Muskegon Government have stated support for the project as consistent with the Economic Vision established for Muskegon County.

Below is the anticipated timeline for the final Environmental Impact Statement:

Anticipated EIS Schedule

This schedule is provided for general information and is subject to change at any time.

- Scoping
- Publication of Notice of Intent (NOI) – September 21, 2015
- Scoping Comment Period – September 21, 2015 – October 21, 2015
- Scoping Meeting – October 15, 2015
- Scoping Report – Anticipated Winter 2015
- Draft EIS and Public Comment Period – Anticipated Fall 2016
- Final EIS – To Be Determined
